OFFICE OF LEGISLATIVE COUNSEL

Tuesday - 25 April 1967

25X1 1. [] Talked to Mr. Bill Woodruff, Senate Appropriations Committee staff, on certain technical problems faced by the Agency in connection with [] Mr. Woodruff readily saw our problem and suggested that we might once more take this up with GAO since there is a new Comptroller General, indicating possible written support from the two Appropriations Committees for GAO to approve the Agency's approach to distribution schedules. I indicated we would look into this further and be back in touch.

25X1 2. [] Talked with Jim Gehrig, Senate Aeronautical and Space Sciences Committee staff, promising him a copy of Senator Stephen Young's article in Playboy. I suggested to Gehrig that on a staff to staff basis if the full Senate Space Committee wished a briefing from the Agency the problems in the past in connection with this Committee should be explored with the Chairman and the ranking minority member. Mr. Gehrig stated he would pursue this further and advise.

Gehrig also suggested that possibly the Chairman and ranking minority member should be briefed on the recent Soviet space tragedy. I indicated to Mr. Gehrig that he had received almost all of the information we currently have and, consequently, there did not seem to be much point in a briefing. He agreed and is dropping it for the present.

25X1 3. [] The Director, accompanied by John S. Warner and Richard Kerr, briefed the CIA Subcommittee of House Appropriations. See Memorandum for the Record.

25X1 4. [] Talked to Vince Augliere, House Government Operations Committee staff, concerning a referral to the Agency through him by Chairman Dawson. I indicated that after checking with [] the records did not jibe with the facts as furnished by him to me and further that if the individual concerned is identical to the person concerning whom we have some information it would appear that Chairman Dawson should proceed with caution.
